

**O Tannenbaum**

This has been a strange year, with many of our most precious pleasures denied to us. But it's important to keep our spirits high and we had that aim in mind more than ever this festive season. Our Christmas tree went up outside the CoOp in Nyetimber Lane in late November. We hope that it's bringing some festive joy and cheer to your life. We'd like to thank all of you for observing the Covid restrictions so well during the course of the year and we hope that soon you'll be free to move about and see your loved ones again.

**Get your Christmas goodies locally!**

While it's looking like a vaccine may be imminent, we urge you to continue to shop locally, now and in the future. This Christmas, you can find everything you need for your Christmas dinner at your local shops. From a delicious turkey from your local butcher, to fresh vegetables from your greengrocer, not to mention those after dinner treats from your general store. We hope that before Christmas you'll be able to treat yourself to a beauty treatment and hair cut and to buy some presents locally as well.

**Our Remembrance**

Because of Covid, our Remembrance Day ceremony was closed to the public and just one Member of the Council, Councillor Mr Bass, attended with Clerk. While this was a matter of huge regret, we were able to remember the fallen in private and to offer our own thoughts and prayers in their memories. We look forward to welcoming you all back next year and in the meantime, please consider a donation, however small, to the British Legion. Like other causes, theirs had been badly affected by the restrictions on funding that the virus necessitated. *(Photo Shows Cllr Mr Bass at the*

**Goodbye 2020**

We're sure that many of you want to say goodbye and good riddance to 2020! And yet, it's helped us to realise what is truly important in life; our family, friends and neighbours. We'd like to wish the entire Aldwick community a very happy, peaceful and healthy Christmas and a safe and hopefully virus free

2021.
