

Aldwick Parish Council Newsletter – September 2022

Play Rangers welcomed back.

Parents and children were delighted to welcome back Play Rangers after an absence of two years. In the age of smart phones and tablets, it's vitally important that children learn to play outdoors and this child oriented play is what Play Rangers is all about. Around a hundred children participated in each event and we were so glad to welcome them back after a long absence. A special thanks to Meynell Walter, Director of Meynell Games. We look forward to seeing you all again next year.

Get Your Grant Form in Now!

The deadline is September 30th, so it's not too late to send your grant form in to us now along with all the necessary documentation. Grants are awarded to 'local groups or organisations..... which may bring a direct benefit to the area or any part of it for some or all the inhabitants.' So, if your group can benefit the Aldwick community, now is the time to apply. Forms are available for download from our website.

Another New Councillor Joins the Team

We'd like to extend a warm Aldwick Parish Council welcome to Diana Thas who became the most recent Councillor to join our team at our Council meeting of 8th August. We know that Diana, a Mum and businesswoman, will bring enthusiasm and energy to her work on your behalf. Diana has a wide range of interests which we know she will bring to bear on improving life in Aldwick for all our residents. We are still looking for new councillors, so if you would like to join us, please contact the Clerk.

Check Your Footprint.

No, we're not asking you for your shoe size, but now thanks to the World Wildlife Fund you can check your eco footprint. Using their accompanying app, you find ways to lessen your effect on our fragile climate. We took the test and were surprised and a little alarmed at the results. But we are now determined to make our individual footprints smaller and so can you!
