

## Aldwick Parish Council Newsletter – November 2022

### Parish Remembrance Service

Please join us to remember the dead of all conflicts. The service will take place in The Millennium Gardens at Aldwick Parish on Friday 11<sup>th</sup> November at 11.00 a.m. We know that this service means a lot to our residents and we look forward to seeing you there.

### Cost of living survey

We're all feeling the pinch this winter and Arun District Council in collaboration with Chichester Citizen's Advice Bureau wants to know how the economic situation is affecting you. The survey is completely anonymous so you can be honest in your responses. The council and CAB will use the data collected to target advice and services to meet the needs of residents, so your replies really will help. <https://www.arunchichestercab.org.uk/research-campaigns/current-surveys/>

### O Tannenbaum – where are you?

We're sorry to tell you that due to safety fixing issues, the Christmas Tree which is positioned annually outside the Co-Op may not make an appearance this year. We are working very hard to meet the compliance standard and with the Co-Op's help there is a slim possibility that the required additional safety features will be in place in time for the festive season. But don't worry. The tree will definitely be back in time for next year!

### Love Clean Streets app

You often contact us to complain about potholes, dog mess, or whatever, but did you know that there's a handy app which allows you to contact the relevant council directly in order to make your complaint? It is not within the remit of a parish council to deal with these complaints, so it really is best to go straight to the relevant authority. The app allows you to do this quickly and can be downloaded from the app store for either android or apple phones.

### Are you a Senior? Then Bus It And Win!

West Sussex Council are urging senior residents to take the bus. With your bus pass, you can travel off-peak on local buses anywhere in England as far and as often as you like (including London). West Sussex tell us that you'll enjoy better ventilated vehicles since before the pandemic, with more advanced cleaning regimes used by the bus operators. By using the bus, you'll be saving the environment and you could be in with a chance to win £100 of free groceries.
