

ALDWICK PARISH COUNCIL

SICKNESS-ABSENCE POLICY

Adopted: December 2019
Reviewed: September 2026
Policy Version: 3

INDEX

What to do if you are unwell	2
Return-to-work meeting	2
Medical appointments	2
Statutory Sick Pay	3
Council's Sick Pay	3
Medical advice	4
Persistent short-term absence	5
Long-term absence	5
Absence because of disability	6
Data protection	6

What to do if you are unwell

If you are away from work because of sickness you must:

- Telephone the Clerk before your normal start time for work on the first day of absence providing details and how long you expect to be off. If you are unable to call personally, someone else may call for you. It is your responsibility to ensure the Parish Council is notified. You must then telephone again each day (unless otherwise agreed with the Clerk).
- If you are away for seven days or less (including weekends and other non-working days), you must complete a self-certification form and provide it to the Parish Council when you are back at work.
- If you are away for more than seven days (including weekends and other non-working days), you must send in a 'fit to work' statement from your doctor and continue to do so as each new certificate is issued to you. This certificate gives details as to whether you are too ill to work or whether you are well enough to work with suitable support from the Parish Council. This gives you and the Parish Council the opportunity to discuss suitable arrangements which will support your return to work. The form also gives more space for the doctor to provide information about your condition and helpful tick boxes to suggest common ways to help you return to work.
- All sickness or injury absence will be entered on your employment record and will be monitored from time-to-time.

Return-to-work meetings

On the first day back at work after a period of sickness absence the Clerk may want to meet informally. If this is not possible on your first day back, the meeting may take place later. The return-to-work meeting should take place in a private place, and all discussions should be private and confidential. The meeting would normally include

- a welcome back to work;
- outline the purpose of the return-to-work meeting; which is to manage and monitor absence and attendance to identify any problem areas and offer support where appropriate;
- a discussion about the reasons for absence, in a supportive way and to understand whether the Parish Council can take any steps to help the employee's attendance;
- explain that the absence will be recorded;
- establish if medical advice has been sought (if appropriate);
- ensure the self-certification form has been completed or a fit note from the doctor has been provided;
- a discussion on absence over the last 52 weeks, the impact on pay and any next steps; and
- a handover of work where appropriate.

Medical appointments

The Parish Council recognises that employees will, from time to time, need to attend medical appointments. Please try to arrange medical appointments in your own time or, if this is not

possible, at times that will cause the minimum amount of absence from work or inconvenience to the Parish Council. The Parish Council will allow reasonable time off work without pay for such appointments.

Statutory Sick Pay

~~If you are ill and unable to attend work, you may be entitled to Statutory Sick Pay (SSP). SSP is currently paid after 4 Qualifying Days absence from work. The Qualifying Days are your normal working days that are in your contract. Tax and National Insurance will be deducted from SSP and if you earn below the lower earnings limit, you will not qualify for SSP.~~

Statutory Sick Pay (SSP) is available to all regardless of their weekly earnings and is payable from the first day of sickness absence.

SSP is paid either at the statutory flat rate set by the Government, or at a rate equivalent to 80% of your normal weekly earnings, whichever is the lower. SSP is paid for the days on which you normally work.

SSP is payable for up to 28 weeks of sickness absence in either:

- one period of incapacity for work, or
- a series of linked sickness periods, where each period is separated by 56 calendar days (eight weeks) or less.

Linked periods cannot extend beyond three years. Staff will no longer be eligible for Statutory Sick Pay (SSP) once a continuous series of linked absences exceeds this three-year limit.

Council's Sick Pay (Occupational Sick Pay)

It is the Council's policy to pay you your normal basic rate of pay exclusive of overtime/allowances during periods of sickness absence as stated under the Green Book Terms as listed below. This occupational sick pay will be for absences due to sickness calculated over the previous 52 weeks and will include your entitlement to SSP.

During 1st year of service

1 month's full pay and (after completing 4 months service)
2 months half pay

During 2nd year of service

2 months full pay and
2 months half pay

During 3rd year of service

4 months full pay and
4 months half pay

During 4th and 5th year of service

5 months full pay and
5 months half pay

After 5 years' service
6 months full pay and
6 months half pay

Payment is, however, conditional upon you complying with the council's procedure for notifying your manager of the absence, attending an interview with your manager on request to discuss the absence, and completing a self-certification form on return to work or providing a fit-note when requested. We may also ask you to attend an interview/examination with a nominated doctor at the request of the Council.

We may not pay you occupational sick pay where:

- you have failed to comply with the Council's sickness absence notification and evidence requirements;
- you unreasonably refuse to attend a sickness absence meeting with the Council on request;
- you are unable to work because you hurt yourself in dangerous sports / activities or any other occupation you have;
- you have misled the council about your fitness to work;
- you have resigned; or
- where disciplinary proceedings are pending against you.

Medical advice

The Parish Council may want to obtain advice on your fitness for work from occupational health advisers or medical practitioners. Examples of when the Parish Council might refer to occupational health or a medical practitioner include the following:

- to seek a medical report on your illness or injury;
- to establish when you might be able to return to work;
- to understand when you are likely to be fully fit to resume your normal duties;
- to understand what alternative duties you might be fit to undertake if you are unfit to resume your normal duties;
- to understand when you are likely to be fit to undertake any alternative duties;
- to ask for guidance on your condition, for example if there is a possibility that you are disabled or ambiguity as to the exact nature of the condition;
- to ask what reasonable adjustments could be made to working conditions or premises to facilitate a return to work;
- to understand the likely recurrence of the illness or injury once you have returned to work; and
- to discuss any adjustments that could be made to accommodate your disability, if you are disabled.

The Parish Council will pay the cost of the report, and you will have the right to see it. The Parish Council will also be provided with a copy of the report and once we have seen it, we will want to meet you to discuss the findings and consider options available to you.

If you choose not to consent to an Occupational Health referral, any decisions in relation to your employment may be made without the benefit of access to medical reports.

Persistent short-term absence

Persistent short-term absence is where an employee is frequently absent from work for relatively short periods due to sickness. We understand most employees will have some short-term sickness absence from time to time. However, if you are frequently and persistently absent from work, this can damage efficiency and productivity and place an additional burden of work on your colleagues and councillors.

Therefore, it is essential that frequent absence is dealt with promptly and consistently and in some circumstances, the Parish Council may begin a capability or disciplinary procedure as part of the absence management process. If we do so, we will meet with you to set attendance targets. Following a review meeting we may issue a formal warning if those targets are not met. You will be given written notice in advance of any formal meeting, and you can be accompanied by a work colleague or trade union representative. You may appeal against a formal warning. If your absence remains unacceptable after a second formal warning, the Parish Council may bring your employment to an end following consultation with you.

If frequent absence is due to an underlying long-term health condition, then we will also request, with consent, a medical report either from an Occupational Health Physician or your G.P. or consultant to establish further information about your health and how the Parish Council can support your attendance.

When considering the reasons for absence, and deciding on whether a formal meeting is appropriate, the Parish Council will not consider any pregnancy related absence. The Parish Council will also make adjustments where absences are related to a disability by allowing a higher level of absence before considering whether disciplinary action is appropriate.

The Parish Council will consider any alternative employment options before making any decision about ending employment. You will have the right to be accompanied by a work colleague or trade union representative at formal meetings and a right of appeal against a formal warning or dismissal sanction. The monitoring of absence operates on a rolling 52-week period.

Where it appears that there is no acceptable reason for an absence or if you have not followed the correct absence notification procedure, the matter should be treated as a conduct issue and dealt with under the disciplinary procedure.

Long-term absence

As a guide, long term absence is any absence which lasts or is expected to last over 4 weeks. In all cases of long-term absence, it is essential for the Parish Council to maintain contact with you. In cases where the return date is less certain this will take the form of consultation and will include:

- Discussions at the start of the absence and periodically throughout
- Obtaining better information on your health and likely prognosis, ideally through an Occupational Health Physician

- Where appropriate alerting you to the fact that your absence is becoming a problem, and
- Allowing you the opportunity to state your opinion of your condition and considering that opinion

Where ill-health means that you are unlikely to return to work for a long period of time, the Parish Council may need to consider bringing your employment to an end. In these circumstances, the Parish Council will:

- Review your absence record to assess whether it is sufficient to justify dismissal
- Consult with you
- Obtain up-to-date medical advice
- Advise you in writing as soon as it is established that termination of employment has become a possibility
- Meet with you to discuss the options and consider your views on continuing employment before any decisions are made, allowing you to be accompanied by a work colleague or trade union representative
- Review if there are any alternative jobs that you could do prior to taking any decision on whether to dismiss
- Allow a right of appeal against any decision to dismiss you on grounds of long-term ill health
- Following this meeting, inform you of the final decision

Absence **as a result because of disability**

Where you experience sickness absence as a result of a disability it will be treated in line with the provisions contained within the Equality Act 2010 (formerly as part of the Disability Discrimination Act 1995). This will include considering whether any reasonable adjustments can be made.

Data protection

The Parish Council will treat personal data collected during the absence management process in accordance with its Data Protection Policy on processing special categories of personal data. Information about how your data is used and the basis for processing your data will be provided in our employee privacy notice. When relying on legitimate interests as the legal ground for processing your data, you can object to the processing.

This is a non-contractual procedure which will be reviewed from time to time.

Notes

1. Green Book terms

If The Parish Council has adopted the Green Book terms and conditions of employment and employees are entitled to receive sick pay for the following periods: -

During 1st year of service

1 month's full pay and (after completing 4 months service)

2 months half pay

During 2nd year of service

2 months full pay and

2 months half pay

During 3rd year of service

4 months full pay and

4 months half pay

During 4th and 5th year of service

5 months full pay and

5 months half pay

After 5 years' service

6 months full pay and

6 months half pay

The period during which sick pay shall be paid, and the rate of sick pay, in respect of any period of absence shall be calculated by deducting from the employee's entitlement on the first day the aggregate of periods of paid absence during the twelve months immediately preceding the first day of absence.

Periods of full pay will include SSP. In periods of half pay, employees receive half pay in addition to SSP provided the total does not exceed normal pay.

If an employee abuses the sickness scheme or is absent on account of sickness due or attributable to deliberate conduct prejudicial to recovery or the employee's own misconduct or neglect or active participation in professional sport or injury while working in the employee's own time on their own account for private gain or for another employer sick pay may be suspended.

1. Parish Council's Sick Pay

The legal requirement is to pay Statutory Sick Pay (subject to eligibility) and anything additional is for the Parish Council to decide. Any additional sick pay is known as 'occupational sick pay' (OSP). The Parish Council will need to commit to paying any OSP it decides to offer and take into account the cost of National Insurance and the cost of any temporary staff required to cover the absence.

It would be unusual to bring an employment contract to an end before the occupational sick pay expires.

If a member of staff already has a paid sick leave entitlement, you cannot unilaterally change their entitlement. Parish Councils can change the policy for all new staff joining after a defined date provided this is consistently applied.

2. Return-to-work meetings

Return to work meetings should ideally take place following every absence, with notes taken, agreed and stored on file. They are especially important if the absence has been caused by or related to incidents at work. Having a written record of a return-to-work meeting may help the Parish Council defend later claims or allegations.

Sometimes it is not practical to have return to work interviews after every absence so Parish Councils may decide to do so only after 2 absences in a 2-month period, or where the absence is work-related.

3. Medical appointments

There is no legal requirement to pay time off for medical appointments, except antenatal appointments. Please see the Maternity and Parental leave policies for details.

A Parish Council may decide that staff should make up the time (if possible) or take it without pay. If a Parish Council decides to offer payment for medical appointments, it is sensible to put some limit on this.

4. Medical advice

Health information is considered to be personal sensitive information under Data Protection legislation and particular care must be taken when processing medical information. The Information Commissioner website (<https://ico.org.uk>) contains guidance.

An Occupational Health report can comment on an individual's health in relation to the employee's role. It will be important to provide the OH physician or nurse a referral form with full details of the employee's job, the concerns you have about their health in relation to their work and be specific about the questions you need answering. Any report should then be discussed with the employee before the council decides on any follow up actions. If the report makes recommendations, these must be carefully considered and discussed with the employee.

5. Health and wellbeing

All employers have duty to provide a safe place of work which includes the physical environment as well as mental health. There are a range of initiatives that can promote health and wellbeing (see Fit for Work: <https://fitforwork.org>). Also, the Health and Safety Executive have useful information on their website including a stress risk assessment (www.hse.gov.uk/stress/risk-assessment.htm).
